# Fruit cobblers — serve up homemade appeal!

Chef Pierre® Fruit Cobblers are longtime, proven favorites with homemade appeal. Made with individually quick-frozen fruit that's picked at the height of ripeness, they're delicious, eye-catching, and easy to serve. Our cobblers are great as menu items, for buffets, and durable enough to withstand the rigors of the steam table for up to five hours. Our recipes are cleaner label, delivering homemade appeal with no artificial flavors, no artificial colors, and no high fructose corn syrup.

- Wide selection of unique flavors
- Easy to serve; cost effective
- Quick-frozen fruit picked at the peak of ripeness
- Innovative processes and packaging retain taste and freshness
- 100% vegetable shortening crust on top and bottom
